

Diamond Shawl

Treasure Accessory Rediscovered

Some crochet projects never really leave you – even if they end up tucked away for years, hidden in old boxes in your parents' attic.
My **Diamond Shawl** is one of those pieces.

INTRODUCTION

I originally crocheted this shawl years ago from a pattern I clipped from an old 1970s knit-and-crochet magazine—though I sadly don't remember which one. The magazine itself is long gone, but somehow the pattern survived in my notes. It's not my original design, but I loved it so much I made two versions: one in bright row bulky wool for cozy winters, and another in soft white cotton for spring and summer days.

DIFFICULTY LEVEL, SKILLS, TECHNIQUES

To make the [Diamond Shawl](#) you will need basic crochet knowledge. The stitches used are single crochet, double crochet, treble crochet, chain and slip stitch.
